LIVIA Group and Fujitsu reach an agreement for the acquisition of Fujitsu Technology Solutions Italy SpA

Munich, August 12, 2019 – Fujitsu and LIVIA announce the signing of an agreement for the acquisition of 100% of the shares in Fujitsu Technology Solutions Italy SpA. This follows Fujitsu’s announcement earlier this year that it is changing its operating model in a number of countries including in Italy, by moving to a fully channel-centric model with the objective of improving operational performance and accelerating business growth.

Fujitsu Technology Solutions Italy SpA is one of the leading ICT companies in Italy, offering a full range of technology products, solutions and services for the public and private sector. Under the terms of the agreement, the company will become Fujitsu Technology Solutions GmbH exclusive distribution partner and local service provider for the Italian market. To ensure a smooth transition, customers will have continued access to Fujitsu client computing devices, servers and storage products, as well as seamless support services.

The transaction is expected to be completed in early September. Both parties have agreed to keep the purchase price confidential.
