

ARCHIMICA

Business: API manufacturer

Sector: Pharma

Status: Current

Archimica (formerly Euticals) offers small- to large-scale commercial manufacturing as well as analytical support for the global biopharmaceutical market. Located in Lodi, Italy, the company is specialized in custom synthesis and the manufacture of active pharmaceutical ingredients (“APIs”). Leveraging its large API portfolio and difficult-to-handle chemical technology, Archimica generates annual sales of more than EUR 25m.
